WORLD'S GRAIN EXHIBITION AND CONFERENCE, STARTS JULY 24

Presenting a never-ending show, a ceaseless panorama of education and entertainment, Regina's World's Grain Exhibition and Conference will open at Regina on July 24 next and continue until August 5.

There will be ten miles of things to see, and 110,000 beautiful and interesting exhibits in the 90 acres of grounds at this world event. The greatest artists on the North American Continent and from Europe have been booked to give delight to all who attend.

Among the many attractions to be presented for music lovers is the spectacular opera "Aida." "The Night Hawks" who have delighted radio audiences with their songs, are also due to appear.

Western Canada's greatest live stock exhibition, with entries from all over the North American Continent, will be held in all its magnificence.

In the World's Grain Exhibition and Conference building the most marvelous display of educational exhibits have been set up to the education and pleasure of the visitors. These exhibits covering a two mile frontage will take visitors a whole day to see them thoroughly.

EDMONTON EXHIBITION WILL BE A CHEAP HOLIDAY

Visitors to the Edmonton Exhibition this year will be enabled to do at a minimum of cost, as compared with former years. Tickets for admission may be bought at 5 for \$1.00, however, not later than July 15th, and the railway rates are the cheapest ever in effect for the Edmonton Exhibition. During the entire week a general rate of fare-and-a-quarter will be introduced. Standard tickets in the whale of British Columbia. Tickets will be on sale July 15th to 21st and the return limit is July 25.

In addition, two excursions will be run. The territory is the same as above outlined, and the tickets sold on July 18th will be good until July 22nd, and tickets sold July 21st will be good to return up to July 25. The several days of horse racing this year, horseshows, plating, basketball tournaments, and the usual exhibition features, it is expected that the week of July 17th to 22nd will see big crowds in attendance at the Edmonton Exhibition.

Bowel Complaints of Children During the Summer Months

Mothers should look well after their children during the hot summer months. Despite all they can do the children may be seized, at any time, with diarrhea, dysentery, summer complaint, or other forms of bowel trouble.

There is a safe remedy in Dr. Fowler's Extract of Wild Strawberry; a remedy that has received the endorsement of legions of Canadian mothers during the 88 years it has been on the market. Don't experiment. Get Dr. Fowler's and be on the safe side.

AN IMPORTANT QUESTION FARMERS MUST DECIDE

Do You Know That:

1. One tablespoonful of gelatin added to one quart of milk increases the food-value 23%.
2. A damp chamois skin is the best thing to use to polish windows?

It seems that a fresh collar and cuffs on a dress, no matter how old or wilted it has appeared, brighten it up remarkably and give a feeling of personal neatness to the wearer.

Some time when you have just a few strawberries, set aside an unexpected number of people to whom to serve them try the following:

Strawberry Fluff

- 1 cup of strawberries, mashed
- 2-3 cup of granulated sugar
- 1 egg white

Mix ingredients and beat until stiff. This recipe will serve six people.

HOW TO PREPARE

Potato Salad

Boil eight potatoes; peel and slice. Dice four slices of bacon and fry out slowly in frying pan. Add one tablespoonful of flour, two teaspoons of sugar, one tablespoonful of mustard, one cup of vinegar, one cup of water, salt and pepper to taste. Slice over slow fire until it thickens slightly. Remove from fire and add potatoes.

Sliced onion, cucumber, tomato, celery and hard boiled egg may be added if desired.

This recipe will serve eight to ten people.

Deviled Eggs

Hard boiled eggs

Catsup

Salad Dressing

Bacon

Hard boiled eggs: remove yolks. Mix with catsup, salad dressing, and butter and rub to a paste with a fork. Fill the halves with this mixture; press together and fasten with toothpicks.—Copyright.

CARRIER PIGEONS MAKE GOOD RACE

The Lethbridge Homing Society staged their scheduled race during the week-end from Edmonton, a distance of 272 miles, airline measurement, when 41 birds competed. Ideal weather prevailing at the time enabled the birds to make a pretty high velocity.

Kane turned in the winning pigeon at the speed of 1365.5 yards per minute, followed closely by W. Masson with 1340.9 yards per minute.—Lethbridge Herald.

THE NEWSPAPER MAN

Bit of a priest and bit of a sailor, Bit of a doctor and bit of a tailor; Bit of a lawyer, bit of a detective, Bit of a judge, for his work is corrective; Cheering the living and soothing the dying, Risking all things, even dare-devil fires, True to his paper, and true to his clan—

Just look him over, the newspaper man.

Sleep! there are times that he'll do with a little, Work till his nerves and his temper are brittle; Fire cannot daunt him, nor long Grief trouble him; but when he threats cannot curb him; Highbrow or lowbrow, your own speech he'll hand you, He'll go wherever another man can— That is the way of the newspaper man.

Surgeon, if urgent the need be, you'll find him.

Ready to help, nor will dizziness alarm him;

He'll give the ether and never once faint;

Say the last rites like a priest at the altar;

Gentle and kind with the weak and the weary,

Which is proved now and then when Fairies and gnomes grow weary;

That is the way of the newspaper man.

One night a week may be rest from his labor,

One night at home to be father and neighbor;

Just a few hours for his own bit of leisure,

All the rest's gazing at other men's picnics;

All the rest's toiling, and yet he rejoices,

All the world is, and that men do, he voices—

Who knows a calling more glorious

Than the day-by-day work of the newspaper man?

TOURISTS' FIRST AID KIT

(By Dr. William J. Scholes) The roads are now crowded with automobiles of every size, make and description. Some are driving carefully; some are rushing madly and heedlessly. Dad and the boy are sitting in the front seat; mother and the girl occupy the back cushion.

Suddenly there's a roar and a violent honking from behind. Mother tells dad to pull over to the edge of the road, which he has already started to do. A car comes careening down the left side of the narrow concrete highway alongside of them. There is a car approaching from the other direction. A second more and he might have made it, but in that second three cars were wrecked and five people injured.

First Aid to the Injured

What to do? A tourist should be placed against the bleeding limb of one to control the hemorrhage. An antiseptic should be applied to the jagged scalp wound of another. A simple splint should be applied to the burns of a third. An improvised splint should be placed around the fractured arm of another of the victims. A supporting dressing should be placed about the badly sprained ankle of still another sufferer.

Now, if the first-aid kit is carried out, as there are times (I am speaking professionally) when it is skill possesses only by a surgeon, the services of a doctor should always be available, and when within an hour.

The important thing is to bridge that hour, and the material listed above will serve this purpose.

Three dollars will buy the entire outfit—all except the whiskey. In as much as the whiskey will cost as much as all the other articles combined. But it should be a part of the outfit.

and appliances require the technical outfit, as there are times (I am speaking professionally) when it is worth ten times the price.—Copyright.

A visitor to an old seaport town was put out dinner with his host. "What is this," he asked of all these people?" he asked.

"Fish," mostly, replied the host.

"Why," said the visitor, "I thought fish was a brain food.—These people are really the most unintelligent looking people I have ever seen."

"Well," replied the host, "just imagine what they would be like if they didn't eat fish."

ORPHANED DUCKLINGS

One of nature's little peculiarities

was enacted at the swimming pool

the other morning when four ducklings, evidently only a few days old and motherless, did their best to

adopt some of the bathers. Fear

had driven them away, and they followed

lives of the bathers about on the shore

and in the water, nestling

and dozing contentedly beside them

on the sand and making considerable noise and displaying agitation

as the boys moved suddenly out of reach. They had crawled out of the bathing house but instead

found themselves underneath the floor, from which cover they rushed

when the eyes emerged. The latter

had to make a sudden dash from

them when leaving for home to prevent

the ducklings from following.

"Ah," said the customs officer, producing a bottle of whiskey. "I thought you said there were only old clothes in that trunk?"

"Aye, that's a man's night cap," said the Abberdonian.

IT PAYS TO SAY

"Kellogg's"

YOU want the best Corn Flakes. Then specify Kellogg's, the original! They have been the standard of quality for 25 years . . . by far the largest-selling Corn Flakes in the world.

You get "wonder" flavor and crispness in Kellogg's that imitations never equal. You get oven-freshness insured by the sealed inside WAXTITE bag, a Kellogg feature.

Remember, when substitutes are offered, it is seldom in a spirit of service. Sold by all grocers in the red-and-green package. Guaranteed by W. K. Kellogg. Made by Kellogg in London, Ontario.

Drought conditions in various parts of Canada were reported, with considerable damage to crops. In southern Saskatchewan and Manitoba much damage by grasshoppers was also reported, an area of 30,000 acres being practically ruined.

VERDUN

The Verdun Literary Society put on a very entertaining program on Friday last, the last day of school, when the parents and friends assembled to enjoy an evening of fun with the teacher, Miss Anderson, and the children. Miss Martha Bentin is the president of the society, and Andrew Ogren was the chairman for the occasion. After the program, the parents, relatives and friends, locally-connected sportsmen, participated in the winners of which were: Potato race—1. Andrew Ogren; three-legged race—1. Albert Schreifels and Roland Elleson; girls' race—1. Lois Wilson; boys' race—1. Myron Elleson; relay race—1. The Verdun team. Miss Little Johnson, men's nail driving contest—1. Floyd Johnson; ladies' W. Schreifels; 2. Mrs. D. Widen; 3. race—1. Erma Bentin. Chas. Johnson's team won the baseball game.

On Saturday, the 1st, the girls' team, Mrs. T. Higginsson of Wetaskiwin, has been visiting her daughter, Mrs. Percy Alkens, and her son, Fred Higginsson.

Rev. and Mrs. H. G. Smith and family are here for Huguenot Tuesday.

The Ladies' Aid will meet in the church Thursday.

Mrs. E. Johnson and sisters are leaving on a motor trip to Saskatchewan, Huguenot and other points.

FALUN .

The Falun school pupils had their school picnic on Friday afternoon. The Sun, the school place and tables and luncheon was enjoyed by all. The pupils presented the teacher with a vase and bouquet of flowers.

On Friday evening the Wetaskiwin girls' softball team played a game with the Live Wives. If the game could have been a little longer the Falun girls would have had a better showing, as they picked up considerably towards the last. The game was a very enjoyable one and the score was 10-1.

On Sunday afternoon last the Cles-terwold baseball team came to Falun to have a game with the Falun boys. The game was very even throughout and ended 10-13 in favor of Chesterwood.

Mrs. N. Thompson left Tuesday for a seven weeks' holiday at Chicago, and other points. We all join in wishing her a most enjoyable trip.

O. Nelson and O. Lindstrom have been at Ma-Me-O Beach, where they have been erecting a garage.

Mr. and Mrs. O. Mattson and daughter have moved to Ma-Me-O Beach for the summer.

Falun played another league foot-

ball game at Ponoka on Tuesday last with the Ponoka team. The score ended 1-0 in favor of Ponoka.

Miss Lena Sjorlund is at Ma-Me-O Beach for the summer months, where she is assisting Mrs. L. Bridge in the grand picnic on Thursday, their last day of school.

The girls' softball team was also present, and two very interesting games were played. In the first game the girls won top place against the Falun softball team, but in the second game the Falun school boys won by the small margin of one, the score being 17 to 16.

Everyone gathered around the bonfire and roasted weiners. Ice cream and other refreshments were served, everybody reporting an enjoyable day as they left the picnic grounds.

Albert Sundquist is busy building an addition to his home.

Mrs. Marie Engstrom is assisting at the home of Mr. and Mrs. Arthur Norman.

Mr. Christensen is home again from his holidays in Wainwright. He had a very interesting trip.

A. G. Bjorklund is seriously ill in the hospital. We wish him a speedy recovery.

Mr. and Mrs. F. Stone motored to Winter Haven on Sunday to visit the home of their daughter Margaret.

The Pigeon Valley school boys, and girls, enjoyed a game of baseball on Sunday at the Pigeon Valley school. The girls' softball team was also present, and the boys' softball team was played the earlier part of the evening.

At midnight a delicious luncheon was served. They left shortly after with best wishes to Mr. H. Haggquist.

At the home of Mr. and Mrs. Arthur Norman, the children and their mothers entertained the children and their mothers on Saturday last at Silver Bay. This was held under the auspices of the Vasa Lodge of Falun. A dance was held in Oumette's hall in the evening.

A truck load of Falun people motored to the First Hotel on Sunday. The bus and train which an enjoyable game of baseball was played between Falun and Finn Hall. Players were missing from both teams, but the substitutes proved very capable and Falun came out on top. The girls' softball teams held a softball practice after the game.

C. J. Jasenow has purchased a new 1933 Chevrolet truck. E. A. Swanson has also purchased a new Chevrolet.

The girls' softball team attended the "Valley gang" at the Elite hall, and reported a splendid time. They liked the music especially well.

HILLSIDE

Rev. Smith preached his farewell sermon here on Sunday. The best wishes of the Hillside congregation follow him to his new field at Highwood.

Mr. and Mrs. H. G. Young were Edmonton visitors last week.

Mrs. Barbara Marr returned home from Edmonton, where she has been attending high school.

Mrs. Lella Marr, who has been teaching school near Sunnyside for the past two years, returned home on Sunday.

Clayton Carney of Millet, has been engaged to teach the Hillside school for the next term.

A number of the younger set attended the "Red and White" dance in Millet on Friday evening and report an enjoyable time.

West Liberty has a ladies' softball team. What about Hillside?

WEEKLY STOCK MARKET REPORT

The following is a report of the Edmonton Stock Yards, as given to The Times for the week ending July 4th.

Receipts: Cattle, 527; Calves, 169; Hogs, 1483; Sheep, 206.

Receipts in the cattle divisions have been very light and in consequence trading was fairly active on the better classes of offerings. Heavyweight dry fed cattle marketed with steady at steady to firm prices, and weight dry fed, although not showing quite the same keenness as the lighter kinds, moved at fully steady values. Grass cattle did not show any marked improvement in offerings. Heavy grass steers could not be sold, and the light end had to be cleared whenever possible, to stocker buyers. Farmers would be well advised to keep grass cattle on pasture until firmness in fleshing appears.

The following are the ruling prices: Cattle, fair to \$3.50 to \$4.00; medium to \$4.75; fair to medium \$3.50 to \$4.00; good to choice light dry fed butcher steers \$4.00 to \$4.25; good to choice heavy dry fed steers \$3.75 to \$4.00; medium \$3.00 to \$3.50; common \$2.00 to \$2.50; good to choice medium \$2.75 to \$3.25; common \$2.00 to \$2.50; good to choice butcher cows \$2.25 to \$2.50; common to medium \$1.25 to \$2.00; bulls \$1.00 to \$1.50.

The stocker trade was not very active, chiefly owing to so many of the cattle offered being of questionable breeding characteristics.

Good to choice stocker steers and heifers cleared steadily from \$2.50 to \$3.00, but plain offerings were very hard to move from \$1.50 to \$2.00.

After clearing the market ran off week-end and half prices advanced slightly.

The market is not any too brisk and will not stand up under heavy pressure.

Good to choice light veal calves sold on Tuesday from \$3.50 to \$4.00 and plain quarters were hard to clear from \$2.00 to \$2.50.

The hog market was firmer. All offerings so far this week were trucked in and sold at \$3.10. Selects bringing 50¢ per cwt. premium and butchers discounted 50¢ per cwt. The following new cuts on off grade hogs will be in effect Monday, July 3rd: Hams, 10¢; bacon, \$1.25 per cwt.; extra hams \$2.00; No. 1 sows \$3.00; roughs \$3.50; stage optional; a tag with tusks no value.

The sheep and lamb market was decidedly dull, demand being very poor. Good to choice spring lambs are quoted from \$4.00 to \$5.00; yearlings \$2.00 to \$3.00 and ewes \$1.00 to \$2.00.

Mun. Dist. of Bigstone

A Council meeting of the M.D. Bigstone No. 459, was held on June 15th at Lone Ridge. Present: C. J. Hanson (Chairman), M. H. Thibault, C. P. Nelson, Herman Strohchein, J. R. Rickard and F. B. Green.

Minutes of previous meeting were read and adopted.

Monthly statement read and adopted.

Mrs. S. Mackenzie of Bawlf, asked Council for their approval to her application for restaurant license to operate restaurant on Lot 1, Blk 7, Ma-Me-O Beach. Approval granted on motion of Council, Nelson.

Mr. F. J. Strohchein requested approval of Council to his application for restaurant license for the purpose of selling soft drinks in connection with his general store at Falun. Approval was granted on motion by Council, Nelson.

Motion by Council, Nelson that a pound be established on the N.E. 1/4 Sec. 12-47-28-4 and that Leonard Huynk be appointed as poundkeeper thereof was carried.

Agreements re indigent accounts between the Municipality and the Board of the Wetaskiwin Community

from information at hand it would appear that the granting of such leases would cause an injustice to residents of the neighbourhood.

Therefore be it resolved that the said motion of January 13th, 1933, be repealed and the aperoval of this Council withdrawn." Resolution was carried.

Motion by Coun. Strohchein that all labor performed by ratepayers on account of taxes be paid for by cheque, and that secretary is hereby instructed to apply all cheques on taxes owing by any ratepayer. Carried.

Application for Old Age Pension by Mr. Carl Huff was presented. Motion by Coun. Unland that Council approve Old Age Pension in this case in the sum of \$10 per month. Carried. Application on behalf of the owner of the N.E. 22-47-28-4 to have Wild Lands Tax of \$2.42 assessed was read. As requirements for exemption had been fulfilled, a motion by Coun. Unland that Wild Lands Tax be cancelled was carried.

Appeals against the Wild Lands Tax on the S.E. 15-47-27-4 were received. Motion by Coun. Green that as none of the requirements for exemption had been complied with in these cases, the Council had not the power to order cancellation, therefore assessment must stand. Carried.

Forbes Atkinson presented his application for the position of supervisor and foreman at Ma-Me-O Beach during July and August next. A letter of recommendation from the Ma-Me-O Beach Association was also presented. Motion by Coun. Nelson that in view of the recommendation by Forbes Atkinson that he should be accepted, and that the salary be \$30 per month for July and August. Motion was carried.

On motion by Coun. Strohchein Council agreed that steps should be taken to restrict or prohibit the use of heavily loaded trucks on ungravelled roads during periods when roads were soft with rains and in the spring.

District Engineer Frame interviewed Council in regard to the construction of a road across the Indian Reserve near the town of Lacombe. A sum of \$150 was given as the total funds available for this year. Council agreed to undertake the work as far as the available funds would permit. Bills and paystheats were passed for payment.

Meeting adjourned by the Reeve.

Alberta Crop Report No. 7

(Issued by the Department of Agriculture, Edmonton, Monday, July 3rd, 1933.)

Condition of the crop in Alberta at this date, it is said, is reported generally to be quite satisfactory. While in Southern Alberta a hot, dry spell of about three weeks caused considerable alarm, and retarded the growth of grain in some districts to a considerable extent, after burning the stubble and irrigating the land, a drought was broken last week by rains which became general over most of the south country towards the end of the week, greatly improving conditions, and bringing fresh hope for a fairly normal crop of wheat. The only exception is the area between the Coronation line of the C. P. R. on the north, and the Red Deer river on the south, where there are districts in which the drought burned the growing grain to such an extent that full recovery is not possible and the result will be a light yield. These districts have also received some rainfall within the past few days, however, that will prevent a complete failure.

The extreme south-eastern districts have received considerable moisture recently, particularly in the Foremost district, where heavy rainfall has been recorded. In the south-western areas crops on stubble land and spring ploughing suffered somewhat and there cannot be full recovery of these crops, but the grain on summer fallow has stood up well, and is probably reasonably good.

In the central and northern districts the prospects are reported to be fine, with a good supply of moisture from rains of the past week, and with the grain progressing favorably. In the Peace River district, the crop is somewhat late, but appears to be coming in well with a abundance of moisture. Wheat is heading out in nearly all districts, save in the north where it is somewhat late. In some of the southern districts the grain is heading out quite short. The first alfalfa cutting is proceeding in the south, and the cutting of a fair yield. The general hay crop will be somewhat lighter this year.

The Grasshopper Situation
The most serious situation created by the period of drought in the south was the rapid hatching out of grasshoppers in great numbers, creating a condition in this respect the most severe ever known in the history of the province, affecting the territory contained in the first five census divisions, an area with some three million acres in wheat and last year producing about 60 million bushels of that grain. With plenty of poison bait available, however, and a complete organization working, and with 60 poison distributing stations operating, the situation is well in hand under the direction of the provincial field crops branch. Two species of grasshoppers are active this year, being of the type that hatches out through the fields and are much more difficult to combat than the roadside species active in 1922, which year held the provincial record

for hopper campaigns until the present season.

Acreage in Crop

It is estimated by the provincial department of agriculture that there has been a reduction of from six to eight per cent. in the area seeded in wheat in the province, from that sown in 1932, when the wheat area was 2,201,000 acres. The acreage increased, while this has slightly increased, while this has shown a slight decrease. The lateness of the spring season and low prices were largely responsible for the decrease in the wheat acreage, with the consequent increase in oats.

M.D. OFFICIALS CONFER WITH PROVINCIAL OFFICERS

Mr. A. Suter, Assistant Deputy Minister of Municipal Affairs, and Mr. J. Renshaw, Inspector of the Department, were in town on Thursday to meet the secretaries of the M.D. Municipal officials of the central part of the province to discuss their joint problems. The majority of the discussion was concerned with the Tax Consolidation Act and procedure, and the recent amendments to the act, as well as the legislation of the last session of the Legislature. Among those present were: Messrs. P. McDonald, Ponoka; H. C. Hopkins (M.D. of Lorne), Bentley; E. W. Simpson (M.D. of Crown), Lacombe; F. McCallum (M.D. of Lacombe), Lacombe; A. M. McGill (M.D. of Golden West), Sylvan Lake; J. Chambers (M.D. of Prairie Creek), Rocky Mt. House; G. A. McTaggart (M.D. of Pine Lake), Red Deer; T. S. Steedman, Falun; G. Baker, Wetaskiwin and M. Healey, Leduc.

FAMILY FARES

Mr. Jones, a good-natured industrial gentleman, was taking his family to the park for an afternoon's outing. Boarding a street car, he questioned the conductor on traveling expenses.

"Now, Jack," he asked; "aren't there half fares for children?"

"Yeah, under fourteen," the conductor answered him.

"Well, that's O.K., Jack. I've only

A WORLD EVENT Brought Right To Your Front Door

Never before has the privilege of playing host to the nations of the world been accorded to Western Canada—and never again will a gathering of such world-wide importance be staged so conveniently for Canadians of the prairies.

PARTICIPATED IN BY

Over Forty Nations, States & Provinces

Here, representatives from all parts of the world will gather to show what they grow and share what they know in the magnified 3 1/4 acre, quarter-million dollar Grain Show Building.

NOT MERELY A GRAIN SHOW

Held, as it is, concurrently with the Provincial Exhibition, one will see here the finest live stock, agricultural, industrial and farm machinery exhibits ever displayed in Western Canada . . . wonderful commercial, railway and government exhibits that have taken months to set up and many of which were built from scratch. Shows of all kinds—industrial, agricultural, artistic, educational, and those visitors requiring entertainment will find splendid attractions and amusement features seldom seen outside the greater cities of the world.

All Aboard for a Glorious Holiday
No Western child need miss the "trip around the world" sponsored by an international organization that gives you a chance to travel the world over. Plan NOW to attend this great world's fair.

W.C.T.U.

W.C.T.U.

The revenue which the departmental presidents report from the different districts of the W.C.T.U. traffic have been compiled by the Bureau of Statistics and are given below: In 1932—Nova Scotia \$516,671; New Brunswick \$801,440; Quebec \$6,118,899; Ontario \$7,277,420; Manitoba \$1,490,041; Saskatchewan \$872,088; Alberta \$1,414,408; British Columbia \$3,421,861. These figures show a decrease with which the depression must be credited in Canada.

The benefit of decreased sales have been registered in happier homes with more family life.

But while reliable authorities place the drop in Canada's export trade in the year ending Sept., 1932, at 65 per cent as compared with 1929, and the shrinkage in the value of farm products at 55 per cent the liquor traffic has fallen only slightly over 27 per cent, or half the general decline in business.

The wheat exports of Canada for the year ending Jan. 31, 1933, fell more than \$11,000,000 below Canada's liquor bill for the last year of record.

The total exports of Canada to Great Britain in 1932 amounted to \$1,000,000 more than Canada's liquor bill.

Attention is drawn to the fact by O. J. Irvine, Ontario Prohibition Union, that had the money spent in liquor been diverted to necessary trades, it would have provided an additional benefit for Canadian goods equal to the much prized markets of Great Britain.

During three and three quarters years ending Dec. 13, 1932, Canada produced gold to the value of \$192,000, but in one year of that time, 1929-1930, because of depression, there was a fall of 50 per cent. The value of Canadian gold legal tender purchase of liquor \$1,000,000 more than all the gold produced in three and three quarter years.

Several previous occasions the

Montgomery Silver Fox Company

have won the same distinction, not only in London but in New York as well. All of which goes to prove that Alberta is particularly adapted for raising fine foxes, for which we congratulate the firm in the success they have achieved, which they attribute to starting their ranch with a foundation stock of the highest quality procurable, and proper care, attention and breeding.

It the research scientists are correct in their conclusions, the only fly is a potential killer of every unprepossessing house.

The remedy is to keep all flies within the house, it is possible for flies to settle on it and deposit their deadly excreta. Use screens on all doors and windows. And, above all, early in the season start killing all the flies by using safe, effective killers like Wills.

A few pads used two or three hours every day during the season, will keep the home or store absolutely free from these deadly pests.
